

ERGONOMIC DIGITAL PATHOLOGY WORKSTATIONS

The shift to digital pathology will require pathologists to create flexible and stable ergonomic workspaces that accommodate both digital workstation and microscope.

CHALLENGES

- Adequate workspace for microscope, displays and papers.
- Screen space to integrate LIS, Path. PACS, radiology PACS, EMR, reporting software.
- Ergonomic support for integrating new digital workflows.

BENEFITS

1. Reduce clutter and maximize use of space.
2. Facilitate collaboration and teaching.
3. Access all available clinical IT systems.

SOLUTION

Ergonomic,
purpose-built
workstations
from RedRick.

IS YOUR CLINICAL PATHOLOGY LAB READY FOR DIGITAL?

Maintain the efficiency, health and well-being of your pathologists by:

- Positioning everything within reach.
- Facilitating sitting and standing throughout the day.
- Optimizing monitor height, distance and back lighting to reduce visual fatigue.
- Reducing repetitive motions.

REDRICK SETS YOU UP FOR SUCCESS!

RedRick provides delivery and on-site assembly and installation of all our solutions. This includes connecting and routing of all computer systems and input devices that are integrated within our workspaces. We also provide comprehensive ergonomics training to ensure the benefits of your new workstations are fully realized.

WORKSTATION ACCESSORIES

Workstation accessories should minimize risk of repetitive strain injuries and enhance productivity by:

- Minimizing clutter.
- Enabling personalization of shared workspaces.
- Maximizing usable work surface area.
